

GURUJI KRISHNANANDA (1939)

LIGHT

Light, not the physical Light but the subtlest Light, is the Source of all Creation. It is the Source of all positive energies. It is the Source of Love, Peace, Truth, Wisdom and all Life. This Light is GOD.

CHANNELLING

Channelling is allowing the Light to descend into us by intending and then spreading It around the world. Our body transforms the frequency to the grosser level.

The vibrations from the Light reach all beings and nature. They carry the energies of Healing, Love, Peace and all Positivity. They help Transformation. We will be better human beings. The world will be a better world.

TECHNIQUE

Imagine an ocean of Light above you. Imagine the Light descending and filling up your body. Then, experience the Love, Light and Peace of the Light for a minute and then, imagine It spreading out gradually to your school, locality, country and world.

Practise this for a minimum period of seven minutes.

LIGHT CHANNELS WORLD MOVEMENT

was launched by Guruji Krishnananda, founder of the Rishis Path, on 18-05-2008.

The Movement is to channel Light daily for seven minutes when we wake up or go to bed from our own places on this earth.

The aim of the Movement is, mainly, Peace on this earth.

UNIQUENESS OF THE MOVEMENT

- Oneness by Light
- Non-religious, Universal
- No restrictions, no conditions
- No membership
- Everyone can contribute to Peace
- Helps the individual, helps the world
- Prepares us and the world to enter the Photon Belt

NEWSLETTER

March 2011

A MESSAGE

Guruji Krishnananda

My heart leaps when I read the letters from the children who channel Light. They speak of experiencing the Light, getting more focused on studies and well organized in their young lives. I am happy that we began our Light channelling with the school children. They are innocent, receptive and the future.

Channelling the Light in these times of Transition helps the processes that have set in sweeping the Middle East. There are other silent processes visible to the discerning eyes. May the Transition be over soon so that we will enter the New Age and experience Peace and Love.

HAPPENINGS

Jayant Deshpande

We are happy to bring out this special issue of Light Channels. We dedicate this issue to the School Authorities and Children who supported this noble work with open hearts and brought so much of Light to our lives.

We have shared the views of some of the School Principals in this issue apart from the experiences of Children, Teachers and Volunteers.

In the last one year we covered more than one thousand two hundred schools in several cities and taught channelling to more than 16 lakh children. This is a wonderful achievement, but it is not enough if we channel Light only once. We have to channel regularly. Our focus going forward will be to help schools channel Light regularly.

LIGHT WORKS

Manoj Chopra

More than one year has just elapsed and so much work has been done and much bigger work is waiting to happen. Present time is a challenging time with lot of opportunities to work up to our full capacities to serve humanity.

Light Channelling Team is working towards a vision of transformation of the world by hastening up New Age. Dream is to free Mother Earth from all negativities and to heal her all wounds.

‘World Channels Day’ has given a real boost to our Light Channelling work and shown us our real hidden potential. Never dying enthusiasm of Light Channelling Volunteers and Love and Respect of School Authorities towards our work and Volunteers made this work a great success.

On 26th February 2009, a special event was organised in Koramanagala Indoor Stadium, Bangalore, when thousands of people gathered there and elsewhere in the world channelled Light for 7 minutes, under the Guidance of Guruji Krishnananda. A huge Energy descended during the event, which helps in spreading Peace and Brotherhood.

SILENT REVOLUTION

Pragti Raaj

A vast hall filled with children sitting like buddhas in peace. Engrossed in channelling Light. So much of sincerity and innocence that it floods the heart. You will of course find the mischievous and curious buddhas here and there who would like to open one of their eyes to see what the other children around are doing. It looks like they are winking! And that too is such an endearing sight. When gently these mischievous ones are signalled to close their eyes, they do so smiling! And they come closer and closer to Light. Closer to perfection as each day passes by.

We find children who are nine or ten years old in silent tears when the technique is being done. Those tears of bliss flow down those innocent cheeks. And when asked, why the tears?? They say, "I do not know where I was. I am so happy. I was in a state of perfection. And I know that I can achieve that perfection." We are spell bound with such sentences coming from these little ones. Indeed these are the Light children who will one day take charge and usher this earth into the Light Age full of perfection and happiness.

These children are aware of the benefits, which Light channeling is bringing to them.

Nowhere in the history has such a war or revolution taken place - a revolution so silent and so beautiful. The beauty of this revolution is that we do not need weapons and there is no bloodshed or pain involved here. No war strategies required and millions of rupees are not wasted!! All we have to do is fill ourselves with lot of Light and Love and get the Light channelled by the school children who are the future Light citizens and they are closer to Light. And the Light on descending is doing its job effectively and we can see the impact all around us.

Miracles are occurring in their own silent ways. The people are being exposed to the wrongdoings of the leaders. We see people are becoming more and more aware. We see them protesting against the wrong. Not just this, when we carry Light and Love within us, coming in contact with others intensifies the process of change in individuals. If we look at this closely, we will wonder in awe!! How simple can it be!!

This only shows how compassionate the Great Masters are towards the entire humanity to have given us such simple and simplified methods to carry on the revolution of Light and fill the world with Light and Love.

When we are alert we see all help coming to us from Light. Sometimes, even when we do not ask for help, we get it. What more can we ask for? And all of this just through a simple technique of filling ourselves with Light and channelling as much as possible.

Those of us who can spare time and go to schools, let us do it. And those of us who have the constraints of time, let us fill ourselves with lot of Light and Love wherever we go or whomever we meet so as to intensify the process of change, a constant thing in this vast beautiful creation.

Let us all use these simple yet powerful techniques of channelling Light given and march towards the Light Age, where Peace, Perfection, and Harmony shall prevail.

We are deeply grateful to all the School Authorities, Teachers and Children who joined us in Channelling Light on 1st February 2011 and made World Channels Day a great success.

VIEWS OF SCHOOL AUTHORITIES

The Light process has been admired by us since it spreads Light to everyone. It improves concentration of the children. Students can gain a lot of things through Meditation and they can inculcate good values in their life.

- Smt. Pramila, Head Mistress, New Cambridge School, Bangalore

Manasa Foundation is spreading Light to the whole world through children. They told the benefits of Light Channelling to our children. From that day onwards our children are channelling Light for 3 minutes daily in the class. Because of this regular channelling their concentration and desire to study has increased. Being Head Mistress I thank you on behalf our school and school children.

- Smt. S. Vimala, Head Mistress, BEL Primary School, Bangalore

The programme which was conducted in our school was good. Our school children have started doing Meditation two times a day. I wish your members come at least once in a month and teach about the Light and Yoga.

- Smt. Sangeetha, Head Mistress, BEL Primary School, Bangalore

Light Channelling programme by Manasa Foundation is useful and productive which helps in reducing anxiety and tension among students, and at the same time it helps our children to develop human values in their lives.

- Sri M R Hegde Vice principal, BEL Composite PU College, Bangalore

The school drop outs have reduced. Students are punctual and attentive.

- Smt. B. R. Sudha, Govt. Model School Kengeri

We cannot forget Manasa Foundation. There is overall development in students.

- Smt. Vijayalakshmi, Sri Maruthi English High School, Kamakshipalya

We are practising Light Channelling twice every day in the morning and evening for 5 minutes each. Children have calmed down a lot. Their behaviour and attitudes are changing for better. I like this technique. We wish to continue this technique so that students are better students when they step into High School.

- Smt. Nagalakshmi, Community Centre High School, Jayanagar

We have been practising Light Channelling from Feb. 1st 2010 regularly everyday for five minutes. We observed that children who were slow in grasping have nearly improved by 70%.

- Smt. Bharati Shivkumar, Geetha Higher Primary School Jayanagar, Bangalore

In our school right from the attender to myself practise Light channeling in the assembly for 3 minutes. A parent visiting the school commented that there was so much of silence and he enquired if the school had declared a holiday. Students have improved in their behaviour and attitude and have developed a desire to study. Interpersonal relationships between colleagues are harmonious.

- Smt. K.H. Sudhamani, Bangalore High School, Jayanagar

We channel Light once in a week in the assembly and before beginning the class. It is really working and students are becoming more disciplined with this technique. It is a very welcoming initiative.

- Mrs. Sashikala Rajamanakyam, PS Matriculation Higher Sec School, Mylapore

I really loved the way the interactive session is conducted after the Light channeling. We are thankful that you are sparing your time and spending time with our children.

- Ms. Machamma, Head Mistress, SVEI School, Mysore

Students have become calm. Light Channelling is helping them to build a good culture at School and Home.

- Ms. Nootan Joshi, Principal, Gram Vikas Mandal Primary School, Thane

Manasa Foundation has been conducting Light Channelling sessions in our school since three months. These sessions are very useful to our students and also to our teachers. It is becoming possible to exercise control over our body and subject our mind to concentration through Light. Also, our students are gaining concentration and are interested in studies. Many of their lazy attitudes are decreasing and are now inclined towards improving their conduct. We are practising Light Channeling daily in our school.

- Mr. Gopalakrishnan, Head Master, Veerabhadra Swami H.S., Doddagubbi, Bangalore East Taluk

We are continuing the Light Channeling sessions in the early morning, which was taught by Manasa Foundation. The Light is very helpful in developing concentration and will power in children. The Light has brought new hope and new energies into them, and the students are participating very actively in the learning process. This program is very useful in developing patience, determination, inner strength and many other qualities in students. We are grateful to Manasa Foundation for this and wish that more programs like this find light through Manasa Foundation.

- Mr. Krishnappa, Head Master, Govt. H.S., Bileshivale, Bangalore East Taluk

EXPERIENCES

(Compiled by Vaishali Joshi)

VOLUNTEERS

Today (8-2-11), during the Light Channelling session at Shiksha Sagar School, Bangalore I felt Light surrounding the place at ground level. When I prayed to the Masters to bless us I felt a big circular form of several Rishis standing in the sky and sending Light to the children, and the bright Light entering every child. Yesterday, I felt every child channelling white Light from the Ocean of Light. These days I feel strong presence of Light during Light Channelling. It fills me with lot of love, peace and humility. When I pray to Light Masters to help all these children to sail through 2012 I feel a lot of blessings and grace.

- Sudeep Jayaram,

I was jobless since last one and half years. After taking up Light Channelling work in schools I got a good job. I thank Light for that.

- Mahesh Kore,

On 1st Feb., after the Light Channelling session in SNTD Kanya High School, the teachers and Principal told us that they experienced lot of inner joy and calmness after practising the technique. On 9th Feb., when we went back to the school for another Light Channelling session Mrs. Mahadik, a teacher, told us that when she came forward to address the students after the session she could not feel even a fraction of negativity in the students and she saw Light in them. On 1st Feb., after conducting the Light Channelling session at NMV High School, many girls described that they had never experienced so much Peace and Love before. On 1st Feb., after the Light Channelling session at Maharshi Karve Shikshan Sanstha's University High School was over, the teachers told us that they were very surprised as they never thought the students could sit in silence in this way. They promised to regularise the channelling.
