

GURUJI KRISHNANANDA (1939-2012)

LIGHT

Light, not the physical Light but the subtlest Light, is the Source of all Creation. It is the Source of all positive energies. It is the Source of Love, Peace, Truth, Wisdom and all Life. This Light is GOD.

CHANNELLING

Channelling is allowing the Light to descend into us by intending and then spreading It around the world. Our body transforms the frequency to the grosser level.

The vibrations from the Light reach all beings and nature. They carry the energies of Healing, Love, Peace and all Positivity. They help Transformation. We will be better human beings. The world will be a better world.

TECHNIQUE

Imagine an ocean of Light above you. Imagine the Light descending and filling up your body. Then, experience the Love, Light and Peace of the Light for a minute and then, imagine It spreading out gradually to your school, locality, country and world.

Practise this for a minimum period of seven minutes.

A MESSAGE

Guruji Krishnananda

(Excerpts from his talks)

How do we love someone or something that we cannot see? This was a very serious and genuine question posed to me. We can see a cow, touch it and can love it. We also drink its milk and, of course, also eat the cow! But Light, God? We can't see this Light, can't touch it and how can we love it! And, of course, we cannot drink it or eat it! My friend, a scientist, asked me all these very seriously. And I just stared at him for a minute!

We do not see many things and yet we know they are there by experience. Sweetness in the milk, fragrance in a flower, departed souls in other earths..... We love them. Light is there, God is there. Why can't we love Light?

I think, experience makes the difference. That is why we have to meditate and experience Realities in the other realms. It is easy to experience the moon and it is not difficult to experience the whole moonlight.

HAPPENINGS

Jayant Deshpande

After a busy month of June, our Light Channel Volunteers continued working with great enthusiasm in July also and introduced Light Channelling to roughly 15,000 new children in 56 schools. They conducted hundreds of sessions in 564 schools across India. 1.81 lakh children channelled Light in these sessions.

Apart from these sessions conducted by our Light Channel Volunteers, Light Channelling continues regularly in more than 1100 schools where more than 5 lakh children channel Light almost every working day in these schools.

LIGHT WORKS

Manoj Chopra

With every passing day, Light channelling Movement is getting strengthened. Great involvement of several School authorities, for regularising Light channelling in their schools, makes this Movement unique and universal. Light also wants to spread faster and enlighten more and more souls. Let the Light touch every soul on our Earth.

On 25th August, we are observing Mahasamadhi day of our beloved Master Amaraji. He worked silently for the humanity and shunned publicity. His mission was different. He initiated several processes for the dawn of New Age. He was a special messenger of God. He is the inspiration behind our work. Let us work together and fulfill his dreams.

AN EXPERIENCE

Padmaja Balaji

To visit my favourite place, I need or seek no permission from anyone.

It is here that I choose to sit for hours where I check my spirit's whispers without anybody's knowledge and interference. It is here that I bare myself unashamedly, for I know that I am not judged for my faults or falls. It is here that I feel so small with every pat received from the world. It is here that my experiences and ordeals appear so flimsy. It is here that my expectations from others seem egoistic chuckles. And it is here that I had witnessed the manifestation of my wish impossible to my surprise and joy. And it is here that I always become a child. And it is from here I return home with an iron resolve not to give up on myself.

It is a place very much alive in the physical dimension but I always visit this holy place mentally, for it is here I feel the energy imprints of my Master more dearly which envelop me with love.

So, on my birthday, I specially imagined myself looking at the sky and stars from this holy place holding an old birthday card signed by him.

One more time I realised what a great human being he was while working with Unseen Lights at a subtle level! I was just one of his many thousand students and yet he found time for every student to assure them of his Divine love in the beautiful humane way they could understand.

My eyes became moist. I could still feel his energies and love not only in the place but also in the card. One may wonder if it is really possible to feel so.

It is..... It is because we, unbeknown, not only touch the sentient but also the so-called insentient. Our single touch of an object or visit to a place may act as our energy imprint which could speak well of ourselves, our intentions and the (non) love we carried.

Now, you may well agree that the energy imprints of billions of people do have great impact on the well being of all the citizens of earth. As you know, one of the objectives of channeling Light is to wipe out the negative imprints generated by us and create a positive and peaceful world. Let us also be aware that there is no patent for Light and that Light is for everyone and every being whether sentient or insentient.

This is why the sacred place I am talking of has the power to transform me during my silent visits as the energy imprints of my Master are too Divine.

Because he is one of the Pillars of Light who continuously points his fingers out toward his clan with great humility even after his physical disintegration, for my Spiritual walk and all humanity. ■

EXPERIENCES

(Compiled by Vaishali Joshi)

I am practising the Light Channelling technique every day for the past two years. Since then my concentration level has improved, I am studying well and scoring good marks.

By practising this technique our health improves. We can give more importance to studies and study well rather than concentrating more on our health.

- Kedar Hegde, Std. IX, Cordial School, Bangalore

Light Channelling has been introduced in our school for the past two years. I have got many benefits by practising it every day. I practise when I wake up, which helps me to be active the whole day. Even in school our day starts with Meditation, which helps in concentrating on the explanation. My memory power has also increased to a great extent. I thank Light Channels for introducing this advanced Meditation technique in our school.

- Ayush, Std. IX, Cordial School, Bangalore

I felt very happy and peaceful. Such peace is possible only in Meditation. I request all of you to do this Meditation everyday for our world.

- Murali, Student, Padur Middle School, Chennai
